The W. O. W. entertainment given Thursday night to members and their friends was a great success. Ten minutes speeches were made by Mayor F. N. Tate, Rev. John R. Miller, Rev. H. C. Byrum and Dr. J. T. Burrus. The music was fine, also the refreshments.

## Convention of the North Carolina Good Roads Association at Durham, July 9th and 10th, 1914.

One new feature of the annual meeting of the North Carolina Good Roads Association, which is to meet in Durham July 9th and 10th, is to award trophies or prizes as follows: 1. A proper award will be made to the county which sends the largest number of delegates to the Durham convention, the award to be based on the following ratio of number attending to distance traveled, the distance to be reckoned by railroad mileage from the county seat of the county from which the delegate comes. In this scheme those attending from the city of Durham will not be reckoned.

One hundred and twenty-five delegates from a county whose county seat is a distance of fifteen miles or less from Durham, would be rated the same as

100 delegates coming from a distance of 35 miles or less.

75 delegates coming from a distance of 50 miles or less.

50 delegates coming from a distance of 95 miles or less.

35 delegates coming from a distance of 115 miles or less.

25 delegates coming from a distance of 130 miles or less.

15 delegates coming from a distance of 150 miles or less.

10 delegates coming from a distance of 175 miles or less.

5 delegates coming from a distance of over 200 miles.

2. An award will also be made to the county making the best exhibit by means of photographs, maps, and drawings illustrating the road system and condition of the roads in the county. If the county has no good roads, it has just as much chance to obtain the award by illustrating the bad condition of their roads, which will emphasize their need of good roads.

3. An award will also be made to the county which has the largest number of paid-up members in the North Carolina Good Roads Association, whether these members are in attendance or not.

It is hoped that all the counties will get busy and help send the largest number of delegates ever before sent to a good roads convention. The good roads cause has reached a point in North Carolina at which the State should take hold as a State, and it is to thresh out thoroughly the matter of State aid that this convention will devote its energies. We want to save for North Carolina counties millions of dollars annually through the proper expenditure of road funds and the elimination of bad roads. All citizens interested in this cause should attend by all means.

JOSEPH HYDE PRATT, Sec'y.  
North Carolina Good Roads Association.

Two Fine Lots for Sale—I offer for sale two fine lots, 50 x 150 in Carrick Grove. Congressman Austin, of Tennessee, says: "I have discussed Woman Suffrage with members of Congress from ten western states where women vote, and they all say they are for it. They believe in it and would not have it repealed. We are seeking all the time to make our government better, and I am sure that women would prove a valuable agent in improving conditions. The men in Congress from Oregon and other western states where equal suffrage prevails have clean characters and are always for the bills that are in the interest of good, clean government and of the people. They could not have been elected without the votes of the women in the states they represent. If suffrage has succeeded there, how dare any one say it will not succeed in every corner of this great American Republic?"

The big reservoir will prove of much benefit to High Point and her water needs. It will pay any one to take a look over it.

## VICTOR AND HIS BAND.

Victor and his band are coming to the High Point Chautauqua. If a vote were taken as to the most popular form of music to be found in America, the music of a big brass band would win the election by an overwhelming majority. The most popular musical event of the local Chautauqua will undoubtedly be the big band concert by the Victor organization.

This band of twenty five Italian musicians led by Signor Calefati Victor is one of the best before the public today. For ten years Victor and his band have been known at the big resorts of the Atlantic coast and to chautauqua and lyceum audiences all over the country. There is no better music than that of an excellent brass band well played. Victor and his band play the best music in the best way.

The exterior of the Home Banking Company is being treated with cement, presenting a stone effect, and looking quite attractive. Mr. D. H. Hall is doing the work.

## THE MERCHANT'S ASSOCIATION.

Every merchant in High Point should become a member of the Merchant's Association and demand honesty in advertising. There is a movement on foot all over the country for honest advertising. The day of the fake sale is fast passing away in the north and west and the south should come into line. What do you think when an honest merchant advertises an article that cost him \$3.00 for \$4.00, a legitimate profit and on the same page with his ad is a fake ad carrying an article said to be worth \$4.00 and priced by this fake sale at \$1.98, when the truth of the matter the article priced by the fake salesman isn't worth over \$1.50 anytime. There's a way to do away with such stuff, the people in the long run find out such schemes, but the process is too slow; there needs to be education along this line and an organization such as the Merchant's Association can eventually accomplish the desired ends. It is nothing but right that the merchant make a legitimate profit. In the long run it never pays to buy cheap-priced stuff. Please don't misunderstand us. There are times when a merchant will sell real \$4.00 shoes for \$1.98 on account of the season, having too many goods, purchased a bankrupt sale at a sacrifice, etc., but the people who buy should soon learn when they are getting their money's worth.

The people as a rule are fair, they want good values and are willing to pay for same, and they do not expect the merchant to sell goods at a loss but make a fair profit.

Dr. and A. A. Mendez will leave New York this week for Cuba, where they will reside. Dr. Mendez was appointed assistant superintendent of a large hospital at Preston, Cuba. Mrs. Mendez is the daughter of Dr. and Mrs. W. G. Bradshaw, of the city.

Matton Drug Company is going to have "some" classy drug store when the finishing touches are completed. Tile flooring has already been put down, after the floor was lowered even with the side walk, new front, practically all glass placed, new ceiling and new papering will take the place of the old, and handsome show cases and wall racks, will be installed. Mr. Matton is planning to have one of the nicest drug stores anywhere and it looks like he is going to succeed. Here's to you, Doctor, you deserve the best.

H. A. Millis surprised a negro thief in his home Friday night who, when seen, took an umbrella, coat and several other things, as he jumped into the shadow of the house. Mr. Millis saw him and shot, scaring him and causing him to drop the stolen articles, in order to make his get-away. In about 20 minutes later Mr. Millis decided to look in barn, where he found him again, this time he grabbed him and had started up the street for the police station, when, giving a sudden spring, the negro broke away and escaped.

Rev. J. B. Craven, president of Lenoir college for girls, occupied the pulpit at Washington street M. E. church Sunday at 11 o'clock. Mr. Craven is a grandson of the late Dr. Braxton Craven, of Trinity college.

The Red men of the State will establish a Funeral Benefit Department in connection with the order. The offices will be located at Elizabeth City. This plan was made imperative owing to the fact that the out-of-state companies heretofore carrying the insurance refused to put up the required deposit as a guarantee required by Insurance Commissioner Young.

## SUPERIOR COURT ADJOURNS.

The June civil term of Guilford Superior court, which convened on the 8th inst., adjourned Saturday afternoon. The last case tried was a suit brought by M. T. Barber and wife, of High Point, against the Carolina and Yadkin Railway Company for damages the plaintiffs alleged to have suffered in having their real estate condemned for use by the railroad. The jury returned a verdict for \$2,500 and the defendant gave notice of an appeal.

J. H. Riddle, of High Point, was allowed \$500 in a suit for damages he brought against the Southern Chair Company for alleged personal injuries.

Judge W. A. Devin, of Oxford, will preside over the courts of Guilford during the fall term, the first court to be held in August.

## BIG APPLE CROP IN MARYLAND AND NORTH CAROLINA

Washington, June 22.—Apples this year promise a heavy yield in Maryland and North Carolina, the finest crop in the history of Colorado, an unusual crop in Michigan, good crops in Virginia, Georgia, and South Carolina, and prospects in other states generally good or above average, according to reports to the department of agriculture announced today.

The commercial apple crop was considerably less in 1913 than in the preceding year, shipments by rail and water indicating it was 64 per cent of the 1912 season.

A bumper peach crop is indicated in West Virginia and a very large one in Georgia. A light yield is indicated in Maryland, Delaware and Virginia, where late frost did injury.

## TO HIRE OUT STATE CONVICTS.

Governor Craig announces that at the approaching session of the general assembly he will recommend that all state convicts be taken from highways and railroads and be leased for road-building purposes to those counties which are willing to pay reasonably for their services. Governor Craig says that a thorough study of the question has convinced him that it will be best to discontinue putting convicts on state highways gratuitously, allowing them to work the roads of those counties that are willing to pay for them.

## CHAUTAUQUA WEEK.

Commencing next Monday the Chautauqua will be here for one week. There will be 31 attractions and you can get a ticket to all for \$2.00 or it will cost you 50c each per performance. A big crowd is expected daily. It means much to High Point and the people should patronize it liberally. Wm J. Bryan, secretary of State, will be here July 4th, Saturday next.

## HIGH POINTER HONORED.

At the meeting of the board of aldermen last Monday night, Attorney J. T. Horney was chosen as the corporation counsel and prosecuting attorney for the town of Canton. The city fathers had been considering the appointment of an attorney for some time and Mr. Horney's fitness for the place resulted in his election.—Canton Enquirer.

Julius T. Horney is a High Point boy, a graduate of the University and is doing well in his adopted county. He is a son of Mrs. J. D. Horney.

## BIG MONEY MONTHLY FOR CARS.

The High Point Motor Co., during the month of June has received and sold about twelve car loads of automobiles, making a total of about 54 machines. The Ford holds first place in the number of sales. About 36 of these popular and reliable machines have been sold. The Studebaker comes next with a sales list of about 12, and the Maxwell last with a total of about 6 sales. This makes up the total of 54 machines already received and delivered by the High Point Motor Co. Orders are on file for several more car loads which are expected to arrive in the city shortly. Fifty thousand dollars would be a small estimate as other makes of cars have had a ready sale.

## REUNION AT TRINITY.

Trinity, June 22.—The annual reunion of the Craven family here Sunday was well attended by all the children of Mrs. Nannie R. Craven, with their families. These were Bruce Craven, of Trinity; H. C. Craven, of the New Bern City schools; President J. B. Craven, of Davenport College; Earle B. Craven, of the Commercial bank of Lexington, and George B. Craven, of Chase City, Va.

## DEPOT AND FREIGHT BURNED AT STAR.

Asheboro, June 22.—The big depot and freight warehouse of the Norfolk Southern at Star was burned Saturday night. This is the new building just completed on the site of the old D. & C. depot, and at the time contained a large lot of freight. Two freight cars on the siding were also burned. The loss was complete but no figures at this time forthcoming. It is understood the company will use the old A. & A. depot until they can rebuild.

## NEW PAPER MONEY COMING.

Millions of dollars' worth of paper money of a new type will be put into circulation upon the establishment of the federal reserve banks. Under the federal reserve bank act each of the 12 reserve banks will receive advances from the federal reserve board in the form of reserve notes; a distinctly new sort of paper money. Commercial paper will be collateral advanced by the various banks as security for these notes.

## WARSHIPS NOT FOR FIGHTING SAYS PRESIDENT.

Washington, June 22.—President Wilson told inquirers today that he was supporting the provision in the naval bill to sell the battleships Mississippi and Idaho to Greece. He has been assured by A. Vouros, Greek charge d'affaires, that the battleships are not to be used in any immediate war. Mr. Wilson told callers that if he had any idea that the vessels were to be used in the near future against Turkey or any other nation he would not support the project.

The Greek charge and Commander Tsouklas of the Greek navy had an engagement later today to discuss the question with the President. Rustein Bey, the new Turkish ambassador, also had an engagement with the President, but White House officials denied any suggestion that the ambassador was to protest against the projected sale of the battleships to Greece in view of reports of a threatened war between the two countries.

## HUERTA MUST GO.

### DECLARES VILLA

Eagle Pass, Tex., June 22.—General Villa is determined to complete the absolute defeat of Huerta and fight his way at the head of his army into Mexico City, irrespective of action General Carranza may take, according to reports brought to the border today by travelers arriving from Torreon and Monterey. These reports state that after Villa succeeds in occupying Zacatecas he will push on south at once without waiting for troop movements other than those under his own direct control.

At Saltillo it is reported that General Trevino, chief of staff to Carranza, is shortly to be assigned to field duty and is to command a brigade in the attack on San Luis Potosi. General Eduardo Hay, who has been with General Obregon's command on the west coast, is expected to succeed Trevino as chief of staff.

This change, it is understood, is part of the plan to heal the breach between Villa and Carranza. The retirement of Juan Breceda, one of Carranza's private secretaries, who left Saltillo a few days ago for Washington and Isidro Fabela, acting secretary of foreign affairs, is also anticipated.

It was said by arrivals from Torreon that Major Fierro, of General Villa's personal staff, went to Saltillo yesterday, but the object of his mission was not known publicly. Major Fierro's name was closely connected with stories of the death of the Englishman, William H. Benton, some months ago.

## LIFE INSURANCE.

All men believe in fire insurance and protect themselves against possible loss by insuring their property. Life insurance is equally important, and there are even more good reasons for it than for property insurance.

The best reason, however, is to safeguard the family. Most men assume obligations during their lifetime, which many times are not discharged at death. Their wives and children often are placed in very embarrassing positions because of the lack of ready cash, even though they may own considerable property. Real estate may be entangled in the courts, or at best it cannot be used to take care of immediate needs, unless it is sold.

It is unnecessary to argue with the prudent man about the advisability of insurance. The facts that many governments are beginning to make it compulsory, and that almost all wealthy business men are heavily insured, prove that it is best for every family to have protection.
